

CHEQUE PROCESSING

ASL provides a sophisticated and market leading comprehensive cheque processing solution in conjunction with our strategic partner, ANZ. The ASL solution has been specifically designed to meet the needs of mutual organisations and is extensively utilised by many of ASL's members with exceptional results.

The ASL cheque processing solution provides a full range of inward and outward processing services for the handling of cheque paper and the enabling of chequing products for your customers. A significant feature of the ASL product is the ability to utilise delayed paper processing to enable your institution to initiate the clearance and obtain payment for cheques on the day of presentment within your organisation, not the clearing organisation. ASL's cheques solution provides extensive capability for our Members to stream-line cheque processing within the organisation and an expected outcome is a simplification of cheque product processing procedures.

Key features of ASL's cheques solution are:

- Full support of your own BSB
- Deferred cheque remittance with Day 1 value
- Full support for cheque lodgement at remote branches
- Full imaging and electronic paper retrieval
- Sponsorship in Australian Paper Clearing System (APCS)
- Specialised sorting of your own paper

MAJOR BENEFITS TO YOU
